Charles Bolden

President of The Bolden Consulting Group
LLC and Trustee of Bankinter Innovation
Foundation
USA

Charles Bolden most recently served as the 12th Administrator of the National Aeronautics and Space Administration (NASA) from July 17, 2009 until January 20, 2017. Earlier in his career, Bolden served 34 years in the United States Marine Corps, retiring in 2003 with the rank of Major General. At NASA; Bolden led a nationwide team to advance the mission and goals of the U.S. space program. During his tenure, Bolden oversaw a safe transition from 30 years of space shuttle missions to a new era of exploration focused on full utilization of the International Space Station and space aeronautics technology development.

Manuel Cayre

Co-Funder & COO AT MobyPark
Netherlands

✉ manuelcayre@gmail.com

🐦 @ManuelCayre

Manuel Cayre is an entrepreneur and passionate about solutions that solve REAL problems. He is also the Co-Founder of MobyPark, an innovative and disruptive car parking service where car park owners can rent out their parking whenever it is unused. In the meantime, drivers save time, money, and thus reduce the pollution. It is more than just a marketplace as MobyPark provides a full parking package service.

Manuel received his degree in Business Economics from Universidad Nacional de Córdoba in Argentina and his Master degree in Sustainable Management from Universidad Politécnica de Madrid, currently he resides in Amsterdam.

Participants

Kyle Corkum

CEO, Managing Partner and Co-Founder of
LStar Ventures
USA

✉ Kyle@lvnt.com

Kyle Corkum is the Managing Partner and co-founder of LStar Ventures, the development company spearheading the creation of Union Point – a 1,550-acre state-of-the-art smart city taking shape just outside Boston.

Kyle and his team have worked diligently with state and local officials to remove the hurdles that have plagued the development of this expanse of land for nearly two decades. Upon completion, Union Point stands to become the paradigm of smart, tech-advanced cities and provide significant benefits for the surrounding area through commercial growth, high quality job opportunities and community development. Union Point will comprise nearly 4,000 homes and apartments, and 10 million square feet of commercial development space balanced with more than 1,000 acres of green space and 50 miles of hiking/biking trails.

Antonio Damasio

University Professor and David Dornsife

Natalia de Estevan-Ubeda

Consultant. Advisor to the European Commission on transport R&D and Former Head of Innovation and Transport for London
UK

✉ nataliaestevan@aol.com

Natalia de Estevan-Ubeda heads her own advisory and consulting business on innovation strategy, having spent the last ten years as a senior leader in a world-leading transport authority. Natalia continues to work globally as an advisor on smart mobility and holds senior advisory positions for the European Commission (EC) in the area of transport research and innovation in an 80 billion Euro programme. During her time in Transport for London (TfL), Natalia was the Head of Innovation until late 2017, and prior to that she led TfL's International Policy and Strategy on Intelligent Transport Systems, following her tenure as Head of Technology. Natalia combines her transport expertise with her passion for supporting people as an executive coach, accredited coach supervisor and change management specialist. Her earlier career was in the private sector, developing businesses and expanding organizational capability internationally

Jesús de la Quintana

Head of Emerging Initiatives Urban Solutions. At Tecnalía R&I
Spain

✉ jesus.delaquintana@tecnalia.com

Jesús de la Quintana leads the Emerging Urban Solutions initiatives in Tecnalía, integrating technological innovations in urban transformation projects, that are committed to resolve key challenges that cities around the world are facing. He fosters the design of innovative scenarios to help building an urban transformation based on people, communication and energy which will generate sustainable economic growth and wellbeing. He is a leading part of the concept: "Heading towards a smart future. 5 keys to design smart cities", that joins smart structure, project, financing architecture, innovation & technology, and economy to build sustainable cities. He coordinates the MEDICI initiative, a potent alliance of European RTOs aimed to anticipate new urban paradigms in which the smart use of technology allows dwellers to enjoy a better life within a vivid and satisfactory urban experience.

John de Yonge

Insights Director-EYQ, EY
USA

🐦 @John_deYonge

✉ John.De_Yonge@ey.com

John de Yonge leads the urban world, innovation and natural resources agenda for EYQ, an EY think tank that helps organizations to understand and seize the upside of disruption. He brings to the role more than 19 years of experience in delivering global client insights focused on cleantech, energy, innovation capital and entrepreneurship.

Participants

James Fallows

National Correspondent for The Atlantic
USA

 @JamesFallows

 JFallows@gmail.com

James Fallows is a national correspondent for The Atlantic and has written for the magazine since the late 1970s. He has reported extensively from outside the United States and once worked as President Carter's chief speechwriter. He, and his wife Deborah Fallows, are the authors of the forthcoming book, *Our Towns*. In addition to working for The Atlantic, he has spent two years as chief White House speechwriter for Jimmy Carter, two years as the editor of *US News & World Report*, and six months as a program designer at Microsoft.

Gordon Feller

Founder of Meeting of the Minds
USA

 @gordonfeller

 gordon@meetingoftheminds.org

Gordon Feller since arriving to Silicon Valley in 1983 has advised executives leading some of California's outstanding companies, including Apple, Bechtel, HP, and Lockheed. As the founder of Meeting of the Minds he's worked to bring together leaders committed to urban sustainability and technology innovation in ways that produce knowledge sharing as a key basis for lasting alliances. Meeting of the Minds has become the leading non-profit focused on cities partnered with private sector and NGOs – all in pursuit of an urban future which is smarter, more equitable, and sustainable.

One method for achieving this has been to build a network of partnerships with leading corporates (AT&T; Black & Veatch; Deloitte, Cubic; Toyota; Ford Motor; VolvoREF; Microsoft; PNC Bank; Dassault Systèmes; Wells Fargo; Itron); foundations (Barr; Lincoln Inst.), and many others (UC Davis; National League of Cities; Smithsonian, Case Western; etc.).

Bruno Fernández-Ruiz

Co-Founder & CTO at Nexar Inc
USA

 @olympum

 b@getnexar.com

Bruno Fernandez-Ruiz co-founded Nexar and is acting as its CTO. Prior to Nexar, Bruno spent eight years at Yahoo in several executive roles as a Senior Fellow, initially as Chief Platform Architect, and later heading Yahoo's personalization, advertising technology and search technology platform organization globally, which led to the creation of Yahoo's Gemini Advertising Marketplace. Prior to that Bruno held technology management roles in Accenture and Fidelity International. Bruno received his M.S. degree in Transportation and Operations Research from MIT, and his B.S. and M.S. degree in Computational Mechanics for Structural engineering from the Universidad Politécnica de Madrid.

ClemensHackl@ludicgroup.com

Clemens Hackl is the Managing Director of the Ludic Group's online and interactive team. He has a background in interaction and web design. His work focuses on new technologies and virtual environments for learning and knowledge sharing across multiple platforms. By combining this with his digital design education he has created State of the art virtual learning and knowledge sharing platforms for several large blue-chip organisations.

Facilitators

Georg Seiler

Ludic Group Director.

UK

✉ georgseiler@ludicgroup.com

Georg Seiler is the Director of Programmes at Ludic Group, a London-based strategic design firm. With a background in large scale business and technology transformations at Accenture, Georg specialises in delivering collaboration, learning and people engagement solutions with a focus on applying Design Thinking methods with Digital tools. He is also the founder of Tailored Rhymes, a creative design service working with globally recognized causes to bring complex messaging to life through bespoke music, videos and live performances.
